Letter of recommendation for Alvaro Langa Junior

Between 01.04.2024 and 01.07.2024, Mr. Langa worked for us in the position of an Interviewer for a worldwide Siemens AG - Net Promoter Score Survey and always completed his tasks to our complete satisfaction and with great enthusiasm and commitment. I have come to know and appreciate him as an independent-thinking, responsible and always reliable colleague.

Mr. Langa still enjoys an excellent reputation among his colleagues and customers - not least because of his numerous constructive suggestions for solving problems at the time.

In addition to his impeccable professional qualifications, Mr. Langa is characterized by optimism, friendliness and the ability to work in a team. I would recommend him for employment in this area at any time. If you have any further questions, I would be happy to answer them by phone.

We wish him every success in her life and career.

With best wishes,
